Public policy Impacts

Narrative:

EU (7th Framework) "Health 2007 A" (contract number: tba)

Health at Work €1.05million (£913,000)

This project aims to review current knowledge and issues related to the economic impact of health at work to assemble, organise, analyse and synthesise data from national projects and surveys, and to recommend future actions for research and policy development aiming at improving health and safety at work in a changing labour market environment in the European Union in an era of ageing populations, feminised labour markets and increased incidence of Small and Medium Enterprises.

Duration 3 years, commenced Autumn 2008.
